From: Sediri Motshabi
To: Phemelo Trading
Subject: Re: Re :Inquiry in respect of CS\$TM 02/20/21

Good day

- 1.Letter of intend is same as bank assurance letter with offer to purchase.
- 2.Yes.if you operate less km's with less rate you will be operating at a loss.
- 3.Yes.

Thank you

>>> Phemelo Trading <phemelotrading68@gmail.com> 2020/08/03 05:27 PM >>>
Good afternoon

I kindly want to establish with your good self of Letter of intend is acceptable in this bid , especially for anybody who can provide oneself with buses?

I also want to check if your page 20 table 1 Remuneration band is the way we should price , if yes why 05-20 km for bus is R70-00 while 51 and above is R50-00?

Lastly do we choose which school and district do we bid for .

Your response will mean a lot to me

Regards
Phemelo

To: Botcha 25 Contractors
Date: 2020/07/30 11:20 AM
Subject: Re: Clarity in Tender: CS&TM 02/20/21
CC: Lawrence Mojaki

Good morning

1.In terms of vehicle ownership,the document specified that it must be certified.

2.Fleet Age :

>>> Botcha 25 Contractors <botcha25@gmail.com> 2020/07/30 12:02 AM >>>

Good day

I am interested in bidding for the above-mentioned tender and would appreciate some clarity on a few points under the Functionality Criteria.

1. Vehicle Ownership

In the event that I will be leasing the vehicles, should the agreement letter be certified?

2. Fleet Age:When you sign the lease agreement,it must include the registration certificate to proof that indeed there the vehicles are available.

Regards.

Is the lease agreement letter enough for this section or do I need to request the vehicles registration certificates as most companies are not comfortable with issuing such documents as they consider them confidential.

Would I loose points if no vehicle registration certificates are not provided?

Your response would be appreciated.

Regards

Good morning

The mode of capacity to be used will depend on the number of learners on the route. Any discrepancies will be communicated to the Department in order to investigate, by the successful bidder for that particular route.

Regards

>>> Darko Skrbinek <darkos@fotconsulting.co.za> 2020/07/27 11:17 AM >>>

Dear Mr Sediri,

The tender referenced above refers.

In an Annexure providing the list of routes and relevant parameters, one of the fields indicates the number of buses required for a particular route. In the tender document, the reference is made to different types of vehicles that could be used to provide the service i.e. minibus, midibus, train bus etc.

In case a bidder would like to demonstrate a mixed fleet of vehicles with different capacities, should the bidder then propose the number of such vehicles for a particular route or would the authority provide guidance by inserting additional fields in the list for different vehicle capacities.

Your prompt response would be appreciated.

Thanks

Subject: Re: Fwd: Delivery Status Notification (Failure)

Good morning

1. There was an erratum to the advert whereby a separate form is attached and it will guide you on how to apply.
2. The remuneration model is not an example but the one to be used for payments once appointed.

I don't understand the last part, Please clarify >

>>> GUBAZI BANGANI <samkeleningenyameko@gmail.com> 2020/07/28 03:52 AM >>>

Morning Mr Motshabi,

If you can assist me for clarification, I'm finding myself failing to find or see if to put the number and size of the vehicle.

Do I choose the route or you will allocate the vehicles to the respective districts accordingly, if yes. Where on the document?

Is the remuneration band a default or just an example of the pattern of pricing?

Shall you accept the proof of resident address of one director or you will need for every director?

If you can just assist by filling up the rest of the below for me because I don't fully understand some other parts and please correct me from the ones I fill up if I'm wrong:

1. Required by -
2. At - **North west**
3. Brand and Model -
4. Country origin - **South Africa**
5. Does the offer Comply with the specification - **Yes**
6. Period required for delivery - **5 years**
7. Delivery basis -

King regards

Good morning

The type of vehicle to be use will depend on the number of learners on that route.

Regards

>>> Darko Skrbinek <darkos@fotconsulting.co.za> 2020/07/30 12:26 PM >>>

Dear Mr Sediri,

Thanks for the response. Please clarify more precisely:

- In the current annexure there is a field indicating the number of vehicles but it does not specify which type of vehicle.
- The tender document makes reference to four types of vehicles that are acceptable to be used in the bid process i.e. minibus-taxi, midi bus, standard bus and train bus.
- A bidder need to know what type and how many vehicles could be used as pe the routes schedule and if the bidder has access to such a fleet. For example if a taxi association has minibus-taxis only could they bid for any route.

Hope to get further clarity promptly.

Thanks again.

 Good Morning Mr. Sediri,

I hope you are well during this tough period,

I have a few queries regarding the tender in subject, *Provision of Public Transport Services for the Qualifying and Approved Learners To and From schools in the Four (04) district municipalities in the North West Province for period of Five (05) years,*

1. Please confirm. I believe the rates per kilometer for the bus journeys have been set as per page 20.

Table 1: Remuneration Band

Rate per vehicle mode x number of km x number of days	Band	Mini bus	Mid bus	Bus	Train Bus
05-20km	R37-00	R65-00	R70-00	R90-00	
21-30km	R32-00	R59-00	R60-00	R80-00	
31-40km	R30-00	R45-00	R55-00	R70-00	
41-50km	R27-00	R40-00	R50-00	R60-00	
51 above	R22-00	R35-00	R45-00	R50-00	

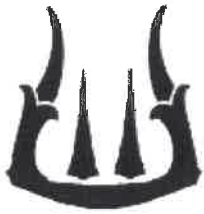

Will this now render Total Price Including vat box on the cover page and the total price on SBD1 not applicable?

Name of Bidder		BIDDER VAT REGISTERED?	
Total bid price including Vat (Brought Forward Form SBD1)		YES: <input type="checkbox"/>	
		NO: <input type="checkbox"/>	
		TOTAL BID PRICE (ALL INCLUSIVE)	

2. Page 32 is blank, is this correct?

Your attention is highly appreciated.

Kind regards,
 Sarvharin Naidoo

Good morning

The type of vehicle to be use will depend on the number of learners on that route.

Regards

Dear Mr Sediri,

Thanks for the response. Please clarify more precisely:

- In the current annexure there is a field indicating the number of vehicles but it does not specify which type of vehicle.
- The tender document makes reference to four types of vehicles that are acceptable to be used in the bid process i.e. minibus-taxi, midi bus, standard bus and train bus.
- A bidder need to know what type and how many vehicles could be used as pe the routes schedule and if the bidder has access to such a fleet. For example if a taxi association has minibus-taxis only could they bid for any route.

Hope to get further clarity promptly.

Thanks again.

Good morning

The mode of capacity to be used will depend on the number of learners on the route. Any discrepancies will be communicated to the Department in order to investigate, by the successful bidder for that particular route.

Regards

>>> Darko Skrbinek <darkos@fotconsulting.co.za> 2020/07/27 11:17 AM >>>

Dear Mr Sediri,

The tender referenced above refers.

In an Annexure providing the list of routes and relevant parameters, one of the fields indicates the number of buses required for a particular route. In the tender document, the reference is made to different types of vehicles that could be used to provide the service i.e. minibus, midibus, train bus etc.

In case a bidder would like to demonstrate a mixed fleet of vehicles with different capacities, should the bidder then propose the number of such vehicles for a particular route or would the authority provide guidance by inserting additional fields in the list for different vehicle capacities.

Your prompt response would be appreciated.

Thanks
